Dose CGS 21680 (ng/side)
Dorsal Control Injections of CGS 2168

A

Bar chart showing the effect of different doses of CGS 2168 on a variable. The x-axis represents the dose of CGS 2168 (ng/side), with two levels: 0.0 and 24.0 ng/side. The y-axis represents a numerical value.

B

Bar chart showing the effect of different doses of CGS 2168 on another variable. The x-axis represents the dose of CGS 2168 (ng/side), with two levels: 0.0 and 24.0 ng/side. The y-axis represents a numerical value.
